3 - 2

5 - 50  
4 - 10  
3 - 2

This is the FISHMAN WILD symbol.  
It appears on all reels during the FREE SPINS round.  
Substitutes for all symbols except for SCATTER and MONEY symbol.

This is the SCATTER symbol.  
It appears on all reels.

## MONEY SYMBOL

These are the MONEY symbols. At every spin, the MONEY symbols take a random money value which can be won during the FREE SPINS feature.  
Possible values are: 2x, 5x, 10x, 15x, 20x, 25x, 50x, 100x, 200x, 500x, 1666x, 2500x or 5000x total bet.

## FREE SPINS

Hit 3, 4 or 5 SCATTER symbols to trigger the FREE SPINS feature and win 10, 15 or 20 free spins respectively.

In the base game whenever 2 SCATTER symbols hit without a third, there is a chance for another one to be brought onto the screen by a random feature:

- Randomly, if the SCATTERS on the screen can move down one position without leaving the reel area, a respin is triggered where the reels with SCATTERS move one position down and the reels without SCATTERS respin.
- Also randomly, one more SCATTER can appear on the screen in a random position, after the initial spin result.

Before the round starts, pick a card from 12 possible cards to reveal the type of FREE SPINS round won. If a BONUS card is revealed, a regular FREE SPINS round is triggered. If a SECRETS OF THE GOLDEN LAKE card is revealed, the GOLDEN LAKE FREE SPINS feature is triggered.

During the regular FREE SPINS feature each FISHMAN WILD symbol also collects all the values from MONEY symbols on the screen.

All the FISHMAN WILD symbols that hit during the feature are collected until the end of the round. Every 4th FISHMAN WILD symbol collected retriggers the feature, awards 10 more free spins and the multiplier for MONEY symbol collection increases to 2x for the second level, 3x for the third level and 10x for the fourth level. After the fourth level, the feature cannot be retrIGGERED anymore.

During the GOLDEN LAKE FREE SPINS feature normal symbols fade away and only an empty grid remains. The normal reels are replaced with special reels containing only MONEY symbols, FISHMAN WILD symbols and blanks.

The round starts with 10 free spins.

At every spin, all winlines or winning combinations with MONEY symbols are paid and every FISHMAN WILD symbol that hits collects the value of all MONEY symbols on the screen.

All the FISHMAN WILD symbols that hit during the feature are collected until the end of the round. Every 4th FISHMAN WILD symbol collected retriggers the feature, awards 10 more free spins and the multiplier for MONEY symbol collection increases to 2x for the second level, 3x for the third level and 10x for the fourth level.

After the fourth level, the feature cannot be retrIGGERED anymore.

During any type of FREE SPINS, the following random features can happen:

Randomly, when there are FISHMAN WILD symbols on the screen but no MONEY symbols, at the end of a free spin, MONEY symbols can appear in random positions.

Randomly, when there are MONEY symbols on the screen but no FISHMAN WILD symbols, at the end of a free spin, a hook will appear pulling a random reel up to bring FISHMAN WILD symbols onto the screen.

Randomly, when there are FISHMAN WILD symbols on the screen but no MONEY symbols, at the end of a free spin, a curtains animation can appear and change all the symbols from the screen, except for FISHMAN WILD symbols to something else.

Special reels are in play during the feature.

## MAX WIN

The maximum win amount is limited to 5,000x bet. If the total win of a FREE SPINS ROUND reaches 5,000x the round immediately ends, win is awarded and all remaining free spins are forfeited

## ANTE BET

The player has the option to select the bet multiplier. Depending on the selected bet, the game behaves differently. The possible values are:

Bet multiplier 15x - the chance to win the FREE SPINS round naturally is higher. More SCATTER symbols are present on the reels. The BUY FREE SPINS feature is disabled.

Bet multiplier 10x - Normal play.

When playing with ante bet on, there is a chance for 3 SCATTERS to be added in random positions on the screen at the end of a spin or respin resulted from 2 SCATTERS hitting without a third. These SCATTERS win the FREE SPINS feature but the spin result does not pay for lines.

## BUY FREE SPINS

The FREE SPINS round can be instantly triggered from the base game by buying it.

There are two options to buy the FREE SPINS:

Pay 100x total bet to trigger the FREE SPINS feature. When buying the FREE SPINS feature, before the round starts, choose a card from 12 possible cards to get the regular FREE SPINS or the GOLDEN LAKE FREE SPINS.

Pay 270x total bet to trigger the GOLDEN LAKE FREE SPINS feature. When buying this feature, there is no option to pick a card before the round starts, and the GOLDEN LAKE FREE SPINS is triggered directly.

## VOLATILITY

High volatility games pay out less often on average but the chance to hit big wins in a short time span is higher

All symbols pay from left to right on selected paylines.

All wins are multiplied by bet per line.

All values are expressed as actual wins in coins.

Only the highest win is paid per line.

When winning on multiple paylines, all wins are added to the total win.

The theoretical RTP of this game is 96.07%

The RTP of the game when using the "ANTE BET" is 96.07%

The RTP of the game when using "BUY FREE SPINS" is 96.07%

The RTP of the game when using "BUY GOLDEN LAKE FREE SPINS" is 96.07%

SPACE and ENTER buttons on the keyboard can be used to start and stop the spin.

Malfunction voids all pays and plays.

MINIMUM BET: R1.50

MAXIMUM BET: R5,625.00

## HOW TO PLAY

Click the  or  buttons to change the bet value and open the bet menu.  
Select the bet you want to use in the game.

Press the SPIN button to play.

## MAIN GAME INTERFACE

 opens the SETTINGS menu that contains settings which affect the way the game is being played.

 - cycles through spin speed settings, normal speed, quick spin and turbo spin.

 toggles sound and music on and off

 opens the Information page

CREDIT and BET labels show the current balance and current total bet.

Click on the labels to switch between coins view and cash view.

 and  change up or down the current bet and open the bet menu, where you can change the bet denominations.

 starts the game

 opens the automatic play menu.

Click the  button again to stop it.

## SETTINGS MENU
