This is the SCATTER symbol.
SCATTER symbol appears on all reels.

TUMBLE FEATURE

The TUMBLE FEATURE means that after every spin, winning combinations are paid and all winning symbols disappear. The remaining symbols fall to the bottom of the screen and the empty positions are replaced with new symbols coming from above.

Tumbling will continue until no more winning combinations appear as a result of a tumble.

All wins are added to the player's balance after all of the tumbles resulted from a base spin have been played.

MULTIPLIER SPOTS FEATURE

Whenever a winning symbol explodes it marks its spot on the grid. After the second time a symbol explodes on the same spot a multiplier is added to the spot, starting from x2 and doubling every time one more symbol explodes on top of it up to a maximum of x1024. The multiplier applies to all winning combinations that hit on top of it. If more

multipliers are involved in the same winning combination, they add to each other.

In the base game all the marked spots with multipliers last until the end of the tumbling sequence, being cleared when there are no more tumbles.

FREE SPINS

Hit 3, 4, 5, 6 or 7 SCATTER symbols anywhere on the screen to win 10, 12, 15, 20 or 30 free spins respectively. During the FREE SPINS round marked spots and their multipliers remain in place until the end of the round and can increase with subsequent tumbles across all of the free spins.

Hit 3, 4, 5, 6 or 7 SCATTER symbols during the round anywhere on the screen to win 10, 12, 15, 20 or 30 additional free spins respectively.

Special reels are in play during the feature.

MAX WIN

The maximum win amount is limited to 25,000x bet in both base game and free spin. If the total win of a FREE SPINS ROUND reaches 25,000x bet the round immediately ends, win is awarded and all remaining free spins are forfeited.

BUY FREE SPINS

The FREE SPINS round can be instantly triggered from the base game by buying it.

There are two options to buy the FREE SPINS:

Pay 100x total bet to trigger the FREE SPINS feature.

Pay 500x total bet to trigger the SUPER FREE SPINS feature. In this mode x2 starting multipliers are already added to all spots on the grid.

When buying the FREE SPINS round, on the triggering spin, 3, 4, 5, 6 or 7 SCATTER symbols can hit randomly.

VOLATILITY

High volatility games pay out less often on average but the chance to hit big wins in a short time span is higher.

Only the highest win is paid per winning combination.

When winning with multiple blocks all wins are added to the total win.

Free spins and bonus wins are added to the payline win.

All wins are multiplied by base bet.

All values are expressed as actual wins in coins.

Free spins win is awarded to the player after the round completes.

Free spins total win in the history contains the whole win of the cycle.

SPACE and ENTER buttons on the keyboard can be used to start and stop the spin.

The theoretical RTP of this game is 95.50%

The RTP of the game when using "BUY FREE SPINS" is 95.51%

The RTP of the game when using "BUY SUPER FREE SPINS" is 95.43%
