This is the SCATTER symbol.  
SCATTER symbol appears on all reels.

## POWERNUDGE FEATURE

Whenever a winning combination hits, the win is paid and the reels that contained at least one winning symbol automatically nudge down one spot to reveal another symbol from the top, and the game pays again for all winning combinations on screen.

The nudge feature ends only when there are no more winning combinations on the screen.

## MULTIPLIER REEL

Next to the normal reels there is a an extra reel containing only multiplier values.

Possible values are x1, x2, x3, x4, x5 or x10.

In the base game, the multiplier reel is disabled. At random spins it can enable. For that spin and all resulting nudges it will spin and nudge along with the rest of the reels. After each spin, the multiplier value in its middle position will be added to a total multiplier that applies to the win of the current spin and nudge.

At the end of the spin and resulting nudges the multiplier is reset to x1 and the multiplier reel is disabled.

## FREE SPINS FEATURE

In the base game SCATTER symbols are collect during each spin and resulting nudges. Collect 4 or more SCATTER symbols in a nudge sequence to trigger the FREE SPINS round.

If more than 4 SCATTERS are collected in the base game spin that triggered the feature, they will carry on to the FREE SPINS, remaining collected and contributing to possible retriggers. The round starts with 7 free spins.

Every time 4 SCATTERS are collected during the round, 3 more free spins are awarded.

The multiplier reel is enabled for the whole duration of the whole free spins.

Special reels are in play during the feature.

## MAX WIN

The maximum win amount is limited to 5,000x bet. If the total win of a round reaches 5,000x bet the round immediately ends, win is awarded and all remaining features are forfeited.

## ANTE BET

The player has the option to select the bet multiplier. Depending on the selected bet, the game behaves differently.

The possible values are:

Bet multiplier 25x - the chance to win the respin round naturally is higher. More SCATTER symbols are present on the reels. The BUY FREE SPINS feature is disabled.

Bet multiplier 20x - Normal play.

## BUY FREE SPINS

The FREE SPINS round can be instantly triggered from the base game by buying it for 100x current total bet.

When buying the FREE SPINS round, on the triggering spin 4, 5 or 6 SCATTERS can hit randomly.

## VOLATILITY

High volatility games pay out less often on average but the chance to hit big wins in a short time span is higher.

Only the highest win is paid per winning combination.

When winning with multiple blocks all wins are added to the total win.

All wins are multiplied by base bet.

All values are expressed as actual wins in coins.

Free spins win is awarded to the player after the round completes.

Free spins total win in the history contains the whole win of the cycle.

SPACE and ENTER buttons on the keyboard can be used to start and stop the spin.
